Dear Justice Department Officials,

I am writing this letter to express my support for the proposed settlement. The ongoing legal action has severely depressed the technology industry as a whole, and notably hindered Microsoft in particular. The settlement proposed takes appropriate action, but leaves the freedom to innovate in the hands of Microsoft, and does not set any untoward precedents for the industry as a whole.

So far, I have been extremely impressed with the DoJ's handling of the case over the last few months. I look forward to a speedy resolution.

Sincerely,
